TIME ALLOCATED

Your presentation has been schedule for 15 minutes (10-12 slides). The discussions and questions session will be at placed at end of the panel presentation. In the interest of fairness, please ensure that you keep your allocated time frame. Please be advised that presentations exceeding the limit will be cut off by the moderators in the interest of time. You are encouraged to rehearse your presentation with slides in advance to ensure your presentation fits within the allocated time.

AUDIO-VISUAL EQUIPMENT

There will be a Windows based laptop computer that will be available in the session room. Apple computers will NOT be available. However, presenters are allowed to use their own laptop computers, but you **MUST BRING** your own adapter with you.

For those who wish to use our computer, presentations may only be given as PowerPoint or PDF presentations. No other audio-visual medium (e.g. slides, video, or overhead) or software is allowed. Prepare your presentation as a single Powerpoint/PDF file to run on a compatible computer as a Microsoft Office 2010 format file. Computers available will run PowerPoint 2010. Save your file as a normal PowerPoint file (.ppt). Do not save your file as a PowerPointShow (.pps) file. Conference computer will run on Window 7.

The following audio-visual equipment will be provided in the presentation room

- Data projectors
- Microphones
- A PC Laptop running Microsoft Office 2010

POWERPOINT PRESENTATIONS

Bring one copy of your presentation to the conference on a USB media storage device. This copy is to be used as a back up by you and the conference organisers if required. As an additional backup measure, consider saving an extra copy of your presentation on your web-accessible local server. Conference organisers will load all the presentation on conference computers.

The session moderator will time your presentation and give you a warning signal at 5 and 1 minutes remaining. In the interest of keeping the sessions to time, the session moderate will stop presentations that run over time.

STYLE OF PRESENTATION

The organising committee of the Conference would like to encourage all presenters to maintain a 'conversational' style of presentation rather than reading from a prepared script. The aim of the Conference is to share information and ideas, and to generate discussion amongst attendees.

The following are the paper writing guidelines the upcoming conference "Creative Industries in Asia: Innovating within Constraints". To start with we ask that you use the APA 6th version for your paper style. (See link <https://www.youtube.com/watch?v=dGUfeM91mW8>)

The word length guide is 3000-5000 words and should match the paper structure below. Should you choose to submit a shorter paper they must still match the paper structure below.
